

## Model

**AW 907N - HEADER BOX FAN**

## Description

Ceiling mounted side discharge centrifugal fan with 1.0m power cord and NSK sealed ball bearing motor

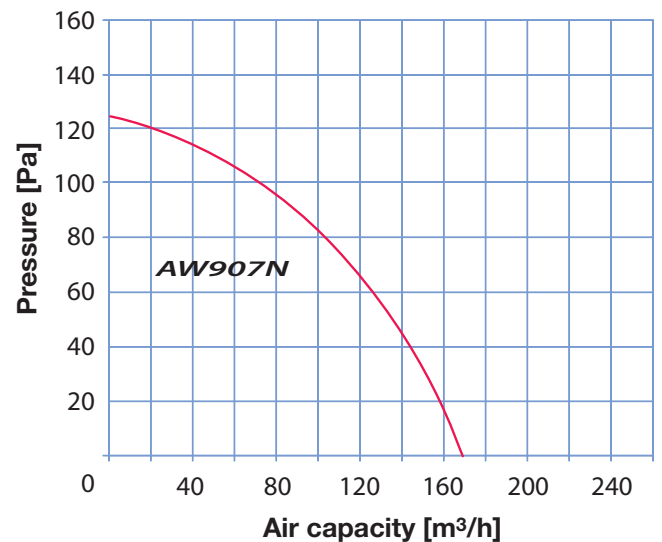

## Application

Extraction of air from bathrooms, kitchens, ensuites, toilets, laundries and apartments.

## Technical specification

Voltage AC	220-240
Power, W	24
Extract capacity, m <sup>3</sup> /h	162
Noise level, dBA 3m	40
r.p.m	2050
Installation type	Ceiling
Installation position	Ceiling
DN (diameter nominal mm)	100
Air flow temperature (°C)	-10 to +45
Index of protection	IP24
Internal thermal protection	Fuse
Casting material	ABS plastic
Colour	White grille
